

# Egypt's protected areas...Ranger's perspective

## The Thin Green Line

# Mapping Rangers and responsibility-scape

**In memory of our park rangers who lost their lives in  
the line of duty over the past years**

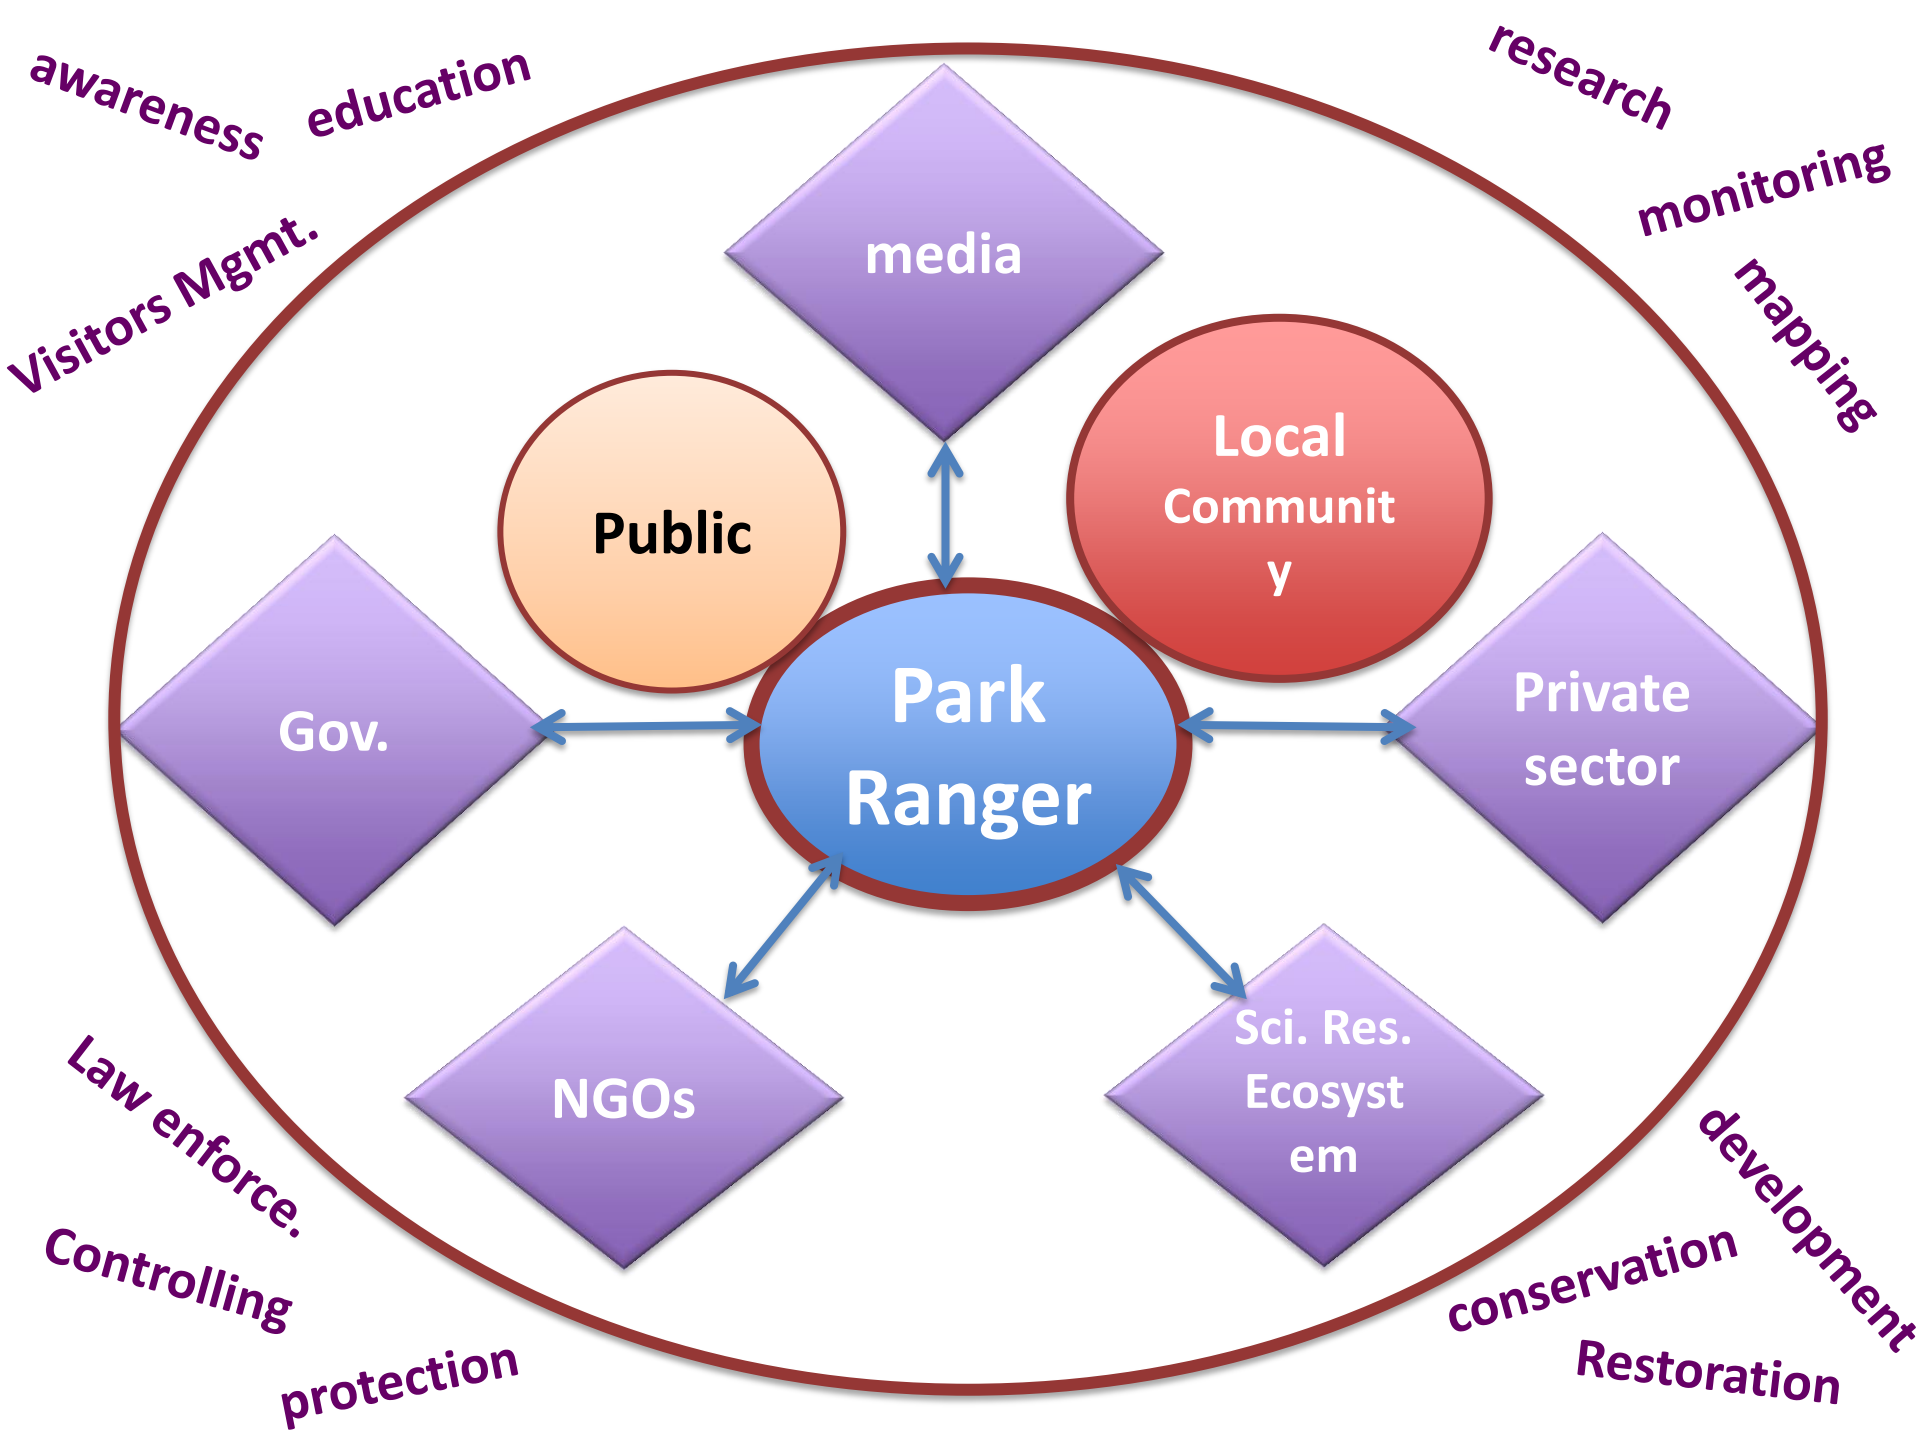

# Who is a Park Ranger?

**Jeannie Sowers's book: Environmental Politics in Egypt : Activists, Experts and the State**

Park rangers are generally under-equipped, underpaid, and often under-appreciated

Park rangers are valued for their vital role at the front line of conservation

# Questions ???!!

- \* Rangers proposition / image ?! EEAA & the national PA.s commission
- \* Qualifications and role of educational institutes for qualify park ranger
- \* Long term capacity building programs – locally and internationally

# Rangers and ( NGOs & Private sct.)

- Conflict or responsibility sharing ?
- Funding it is enough? From Gov. or non Gov.
- new issues...e.g.. innovative /sustainable financing !!
- CSR and PP partnership / responsible tourism
- Or emerging challenges.....e.g.. climate change!!

## Legislation and Gov. routine

# Rangers and ( Local Comm.)

- Co-Management ; and access & benefits-sharing
- Sustainable development and resources management
- Conflict resolution

# TK, Innovation and Entrepreneurship ?!

# Rangers and public / media

# Rangers and Sci. Research

**Conversation or Conservation ?!**

**Roles.....funding.....research agenda....incentives...publications....regional/global cooperation**

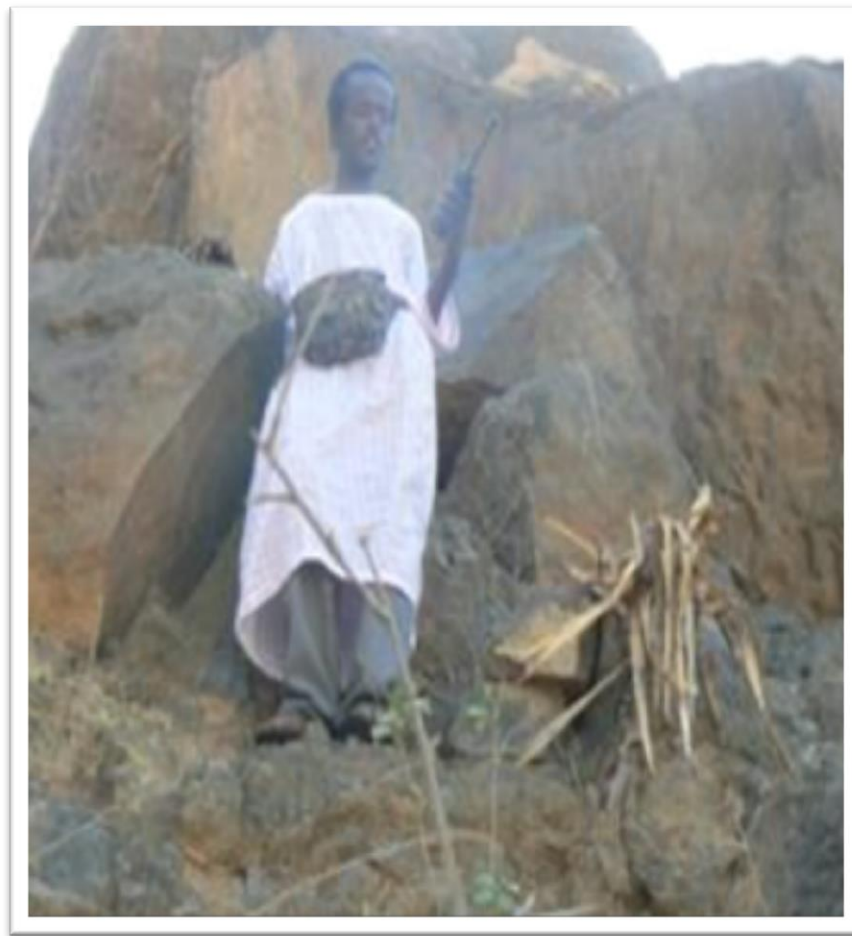

# Case study : Dragon tree Global consortium

**build partnership : funding programs, universities, rangers , media, IUCN....other**

# Case study: Yadaweya

**Discovery & heritage documentation.....**

**Needs assessment & capacity building**

**Promotion, education & online marketing**

**income generation and micro-enterprises support**
